Conference Agenda

2023-09-21

3F check-in Check-in

18:00 - 20:00 check-in

2023-09-22

QuJiang Audito...

live

08:30 - 08:50 Opening ceremony
 Speaker : Secretary-general Lei Zhang
 Prof. Kazutaka Ikeda
 Prof. Tianmei Si

08:50 - 09:35 Neuropsychopharmacology of addiction: From animal models to human studies (Only English)
 Chairman : Prof. Xin Yu
 Prof. Chengge Gao
 Speaker : Prof. Kazutaka Ikeda

09:35 - 10:20 The novel drug targets in the therapy for major depressive disorder
 Chairman : Prof. Lingjiang Li
 Prof. Jingping Zhao
 Speaker : Prof. Fang Wang

10:20 - 11:00 TEVA Industry-sponsored Symposium

10:20 - 10:25 Opening
 Chairman : Prof. Jingping Zhao

10:25 - 10:55 Antitan ® Effective treatment of tardive dyskinesia in patients with schizophrenia
 Speaker : Prof. Tianmei Si

10:55 - 11:00 Closing
 Chairman : Prof. Jingping Zhao

11:00 - 11:45 Covid-19 and Mental Health (Only English)
 Chairman : Prof. Jingping Zhao
 Prof. Yifeng Xu
 Speaker : Prof. Dost Öngür

11:45 - 12:30 Pharmacological strategies in Early Psychosis: impacts on Long term outcomes (Only English)
 Chairman : Prof. Xiancang Ma
 Prof. Yan Zhang
 Speaker : Prof. Eric Yu Hai Chen

12:30 - 13:30 Sumitomo Pharma Sponsored Symposium

| | | | |
|----------------------|--|-------------------|--|
| 12:30 - 12:35 | Opening | Chairman : | Prof. Jingping Zhao Prof. Tianmei Si |
| 12:35 - 13:00 | The therapeutic advantages of BLonaserin from the overall treatment needs of schizophrenia | Speaker : | Prof. Zheng Lu |
| 13:00 - 13:25 | Cardiovascular risk management in patients with severe psychosis | Speaker : | Prof. Xiancang Ma |
| 13:25 - 13:30 | Closing | Chairman : | Prof. Jingping Zhao Prof. Tianmei Si |
| 13:30 - 15:00 | Symposium 1 - Forum on the neuropsychopharmacology: Novel drug and New target (Part I) (Only English) | Chairman : | Prof. Xin Yu Prof. Xiancang Ma |
| 13:30 - 14:00 | Antidepressants for COVID-19 and long-COVID | Speaker : | Prof. Kenji Hashimoto |
| 14:00 - 14:30 | Addressing subjective symptoms and objective outcomes in mood disorders | Speaker : | Prof. Tomiki Sumiyoshi |
| 14:30 - 15:00 | Panel Discussion | Discussant : | Prof. Gang Zhu Prof. Chuan Shi Prof. Yunfei Tan |
| 15:00 - 16:30 | Symposium 4 - Findings of precise drug target based on neural circuits of brain disease | Chairman : | Prof. Zhong Chen |
| 15:00 - 15:30 | Study on Mechanism of Brain Disease and Modulation of Neural Circuits | Speaker : | Prof. Feng Han |
| 15:30 - 16:00 | Reverse Translational Research on Psychopharmacology | Speaker : | Prof. Ji Hu |
| 16:00 - 16:30 | New Pharmacological Treatment Strategies based on abnormal Neural Circuits in Seizure | Speaker : | Prof. Yi Wang |
| 16:30 - 18:00 | Sub-Forum 12 - Imaging Genetic studies on Schizophrenia | Chairs : | Prof. Lanying Liu Prof. Wenbin Guo |
| 16:30 - 16:50 | Examine Mechanism of Ulk 4 afunction related Schizophrenic phenotype | Speaker : | Prof. Bing Lang |
| 16:50 - 17:10 | Neuroimaging adjusted for Schizophrenia | Speaker : | Prof. Dengtang Liu |
| 17:10 - 17:30 | Mechanism of Obsessive Compulsive symptoms in Schizophrenia based on DTI technique | Speaker : | Prof. Lanying Liu |
| 17:30 - 18:00 | Understand mental illness in prospective of Imaging Genetics | Speaker : | Prof. Yuqi Cheng |
| 306 room | | |  live |
| 13:30 - 15:00 | Symposium 2 - REAP : Lessons we learned (Only English) | Chairman : | Prof. Shih-Ku Lin |
| 13:30 - 14:00 | The REAP project: a 24 years old project on pharmaco-epidemiology | Speaker : | Prof. Yu-Tao Xiang |
| 14:00 - 14:30 | The methodology of Network Analysis and the application in REAP studies | Speaker : | Prof. Wen Li |
| 14:30 - 15:00 | Polypharmacy and combined medication in REAP studies | Speaker : | Prof. Shih-Ku Lin |
| 15:00 - 16:30 | Symposium 6 - AsCNP secretary sponsored symposium (Only English) | Chairman : | Prof. Kazutaka Ikeda Prof. ANDI J. TANRA |
| 15:00 - 15:30 | Biomarker identification in treatment resistant schizophrenia | Speaker : | Prof. Suresh Sundram |
| 15:30 - 16:00 | The development and role of AsCNP in Asia and the World. | Speaker : | Prof. Atsumi Nitta |
| 16:00 - 16:30 | History and mission of International College of Neuropsychopharmacology (CINP) | Speaker : | Prof. Kazutaka Ikeda |
| 16:30 - 18:00 | Sub-Forum 18 - Diagnostic biomarkers and prediction of efficacy in Schizophrenia | Chairs : | Prof. Chuan Shi Prof. Sha Liu |
| 16:30 - 17:00 | Prediction of prognosis in First-Onset Schizophrenia | Speaker : | Prof. Chengcheng Pu |

17:00 - 17:30 Proteomic Research on the Efficacy of Atypical Antipsychotics Speaker : Prof. Hao Yu

17:30 - 18:00 Genetic and Imaging Research on Early-Onset Schizophrenia Speaker : Prof. Sha Liu

308 room

 live

12:30 - 13:30 Boehringer Ingelheim Sponsored Symposium - Cognitive Impairment in Schizophrenia

12:30 - 12:35 Opening Chairman : Prof. Xiancang Ma

12:35 - 13:05 Overview of Cognitive impairment associated with Schizophrenia(CIAS) Speaker : Prof. Cheng Lee

13:05 - 13:25 NMDA receptor related mechanisms: exploring a new perspective on the treatment of schizophrenia related cognitive impairment (CIAS) Speaker : Prof. Gang Zhu

13:25 - 13:30 Closing Chairman : Prof. Xiancang Ma

13:30 - 15:00 Luye Sponsored Symposium - Development of newer agents in psychiatry and clinical practice

13:30 - 13:35 Opening Chairman : Prof. Xiancang Ma
Prof. Tianmei Si

13:35 - 13:55 Initiating early, more benefits Speaker : Prof. Chuan Shi

13:55 - 14:15 Clinical practice in treating Schizophrenia Speaker : Prof. Qinyu Lv

14:15 - 14:35 Optimize Treatment for Depression - triple therapy Speaker : Prof. Le Xiao

14:35 - 14:55 Clinical Practice in treating Depression Speaker : Prof. Jun Jiang

14:55 - 15:00 Closing Chairman : Prof. Xiancang Ma
Prof. Tianmei Si

15:00 - 16:30 Sanofi Sponsored Symposium - Specific subtypes of Depressive disorder

Chairman : Prof. Xin Yu
Prof. Tianmei Si

15:00 - 15:05 Opening Chairman : Prof. Xin Yu
Prof. Tianmei Si

15:05 - 15:35 Identification and Treatment of Depressive Episodes with Mixed Features Speaker : Prof. Tianmei Si

15:35 - 16:05 Clinical practice in patients with Depressive Disorder and Anxiety Features Speaker : Prof. Tung-Ping Su

16:05 - 16:25 Discussion: 1.Treatment Algorithm in Depressive Episode with Mixed Features;
2.Medication consideration in Depression with Anxiety Features Discussant : Prof. Yingjun Zheng
Prof. Huaning Wang
Prof. Chuan Shi

16:25 - 16:30 Closing Chairman : Prof. Xin Yu
Prof. Tianmei Si

16:30 - 18:00 Sub-Forum 2 - Long-term treatment of schizophrenia

Chairs : Prof. Fude Yang

16:30 - 17:00 Metabolic risk and weight management in patients with schizophrenia Speaker : Prof. Yun Bian

17:00 - 17:25 Strategies for improving compliance with antipsychotic drug treatment Speaker : Prof. Renrong Wu

17:25 - 18:00 Discussion Discussant : Prof. Juan Li
Prof. Luyuan Bai
Prof. Jing Sun
Prof. Laifu Ma

311 room

| | | | |
|----------------------|--|-----------------|---|
| 13:30 - 15:00 | Sub-Forum 21 - Translational application of technology in Psychiatry | Chairs : | Prof. Chuan Shi Prof. Zhijun Yan |
| 13:30 - 14:00 | Smart Identification Methods for Depression Patients Based on Social Media | Speaker : | Prof.? Shiwei Sun |
| 14:00 - 14:20 | The Application of Electromagnetic Joint Regulation Technology in Mental Disorders | Speaker : | Hetong Zhou supervising technician |
| 14:20 - 14:40 | Opportunities and Challenges of Artificial Intelligence and Big Data Technologies in the Clinical Healthcare | Speaker : | Prof. Wanqing Xie |
| 14:40 - 15:00 | The Feasibility and Effectiveness of Developing Cognitive Interventions for Schizophrenia with a | Speaker : | Dr. Lingzi Xu |
| 15:00 - 16:30 | Sub-Forum 23 - Psychological Resilience and Neuroplasticity in Schizophrenia | Chairs : | Prof. Qinling Wei Prof. Fei Wang |
| 15:00 - 15:20 | Advancements in Research on Predicting the Outcome of Clinical High-Risk Syndrome for Psychosis Based on Motor Cortex Plasticity | Speaker : | Prof. Yingying Tang |
| 15:20 - 15:35 | Peripheral-Central Mechanism of Exercise-Enhanced Stress Resilience | Speaker : | Prof. Li Zhang |
| 15:35 - 15:50 | Research on the Impact of Neural Regulation on Models of Neurodevelopmental Disorders | Speaker : | Dr. Yao Xiao |
| 15:50 - 16:10 | The Association Between Childhood Trauma, Resilience, Clinical Symptoms of Schizophrenia, and Brain Function | Speaker : | Ziyi Zhang |
| 16:10 - 16:30 | Expert comments | Speaker : | Prof. Tianmei Si Prof. Jijun Wang |

313 room

| | | | |
|----------------------|--|-------------------|---|
| 13:30 - 15:00 | Symposium 3: Innovative psychotropic drug research and development | Chairman : | Prof. Huafang Li |
| 13:30 - 14:00 | Current progress and Challenges in psychotropic drug development | Speaker : | Dr. Lan Ge |
| 14:00 - 14:30 | KarXT: New potential treatment options for schizophrenia | Speaker : | Dr. Haibo Xue |
| 14:30 - 15:00 | Panel discussion: Innovative drug development driven by unmet clinical needs | Host : | Prof. Jingjing Huang |
| | | Discussant : | Dr. Lan Ge Dr. Haibo Xue Dr. Chao Pan Prof. Guanjun Li Prof. Huafang Li |

402 room

| | | | |
|----------------------|---|-------------------|---|
| 13:30 - 15:00 | Hansoh sponsored Symposium - Perspectives and Directions in Schizophrenia Diagnosis and Treatment considering Patient's Quality of Life and Long-term Benefits | Chairman : | Prof. Tianmei Si Prof. Ning Zhang |
| 13:30 - 13:50 | Interpretation of Clinical Assessment, Diagnosis and Treatment Guidance and Recommendations for Melancholic/Anhedonic Depression | Speaker : | Prof. Jun Chen |
| 13:50 - 14:10 | 1. Current status of anhedonia assessment and treatment ; 2. The importance of improving anhedonia in the treatment of depression and its options | Discussant : | Prof. Gang Zhu Prof. Jing Sun Prof. Zhenghui Yi Prof. Huaning Wang |
| 14:10 - 14:30 | Empowering Schizophrenia Patients to Reintegrate into Society - Treatment Plans for Symptom Improvement and Functional Recovery in Schizophrenia Patients. | Speaker : | Prof. Xiancang Ma |

| | | | |
|----------------------|--|--------------|--|
| 14:30 - 15:00 | Approaches in Schizophrenia Diagnosis and Treatment from the Perspective of Patient's Quality of Life and Long-term Benefits | Discussant : | Prof. Qiang Wang Prof. Wei Wang Prof. Dengtang Liu Prof. Renrong Wu |
| 15:00 - 16:30 | Clinical Research Training from the Chinese Journal of Psychiatry | | |
| 15:00 - 15:05 | Opening | Host : | Prof. Jing Chang |
| | | Speaker : | Prof. Lingjiang Li Prof. Jingping Zhao |
| 15:05 - 15:40 | Experience Sharing on Research Project Application | Host : | Prof. Lingjiang Li |
| | | Speaker : | Prof. Weihua Yue |
| 15:40 - 16:15 | Sharing Insights on Research Topic Selection | Host : | Prof. Lingjiang Li |
| | | Speaker : | Prof. Renrong Wu |
| 16:15 - 16:50 | What kind of research should be done? | Host : | Prof. Jingping Zhao |
| | | Speaker : | Prof. Xiancang Ma |
| 16:50 - 17:25 | Sharing on the Latest Domestic and International Literature Interpretation in the Field of Mood Disorders | Host : | Prof. Jingping Zhao |
| | | Speaker : | Prof. Huaning Wang |
| 17:25 - 17:55 | Considerations for Writing a Paper | Host : | Prof. Jing Chang |
| | | Speaker : | Prof. Beilei Gao |
| 17:55 - 18:00 | Closing | Host : | Prof. Lingjiang Li |
| | | Speaker : | Prof. Jingping Zhao |

405 room live

| | | | |
|----------------------|---|-------------------|----------------------------|
| 15:00 - 16:30 | Symposium 12 - Pharmacotherapy in Adolescents with mental disorders (Only English) | Chairman : | Prof. Huanzhong Liu |
| 15:00 - 15:30 | Drug treatment strategies for children with schizophrenia | Speaker : | Prof. Huanzhong Liu |
| 15:30 - 16:00 | Clinical Trials in Adolescents and Young Adults | Speaker : | Prof. Dost Öngür |
| 16:00 - 16:10 | Serum cytokines and their correlation with symptoms and metabolic indexes in patients with depression | Speaker : | Dr. Min Jia |
| 16:10 - 16:20 | Sex differences in the prevalence and clinical correlates of inflammatory factors in refractory schizophrenia | Speaker : | Prof. Shen Li |
| 16:20 - 16:30 | Study on brain morphology and individualized structural covariance network in treatment resistant schizophrenia | Speaker : | Dr. Jun Wang |

Presidium Room live

| | | | |
|----------------------|--|-------------------|---|
| 13:30 - 15:00 | Symposium 7 - Phase-specific pharmacotherapy for first episode schizophrenia (Only English) | Chairman : | Prof. Young Chul Chung |
| 13:30 - 14:00 | Phase-specific early intervention in psychotic disorders | Speaker : | Prof. Eric Yu Hai Chen |
| 14:00 - 14:30 | Guided antipsychotic reduction to reach minimum effective dose (GARMED): rationale, protocol, and 2-year outcome | Speaker : | Chen-Chung Liu |
| 14:30 - 15:00 | Guidelines for discontinuation of antipsychotics in recovered patients from first episode schizophrenia spectrum disorders | Speaker : | Prof. Young Chul Chung |
| 15:00 - 16:30 | Sub-Forum 24 - Early intervention for mental health in Young Adults - Experience from HK | Chairs : | Prof. Lanying Liu Prof. Eric Yu Hai Chen |

2023-09-23

| | | | |
|--|--|-----------------|---|
| 15:00 - 15:15 | Results of the Hong Kong Youth Mental Health Epidemiological Study | Speaker : | Prof. Eric Yu Hai Chen |
| 15:15 - 15:30 | Online Youth Mental Health Preliminary Assessment Program | Speaker : | Dr. Yi Nam Suen |
| 15:30 - 15:45 | Risk and Protective Factors for Youth Mental Health in Hong Kong: A One-Year Follow-Up Epidemiological Study | Speaker : | Dr. Stephanie Ming-yin Wong |
| 15:45 - 16:00 | Preliminary Results of the Hong Kong Youth Mental Health Early Intervention Platform | Speaker : | Prof. Christy Lai-ming Hui |
| 16:00 - 16:15 | Bringing Hong Kong's youth closer to professional services | Speaker : | Ms. Yves Wan |
| 16:15 - 16:30 | Different degrees of nodes behind obsessive-compulsive symptoms of schizophrenia | Speaker : | Prof. Lanying Liu |
| 306 room  live | | | |
| 08:30 - 10:00 | Sub-Forum 1 - Special Topic on Schizophrenic Disease Management | Chairs : | Prof. Huanzhong Liu Prof. Gaohua Wang |
| 08:30 - 09:00 | Clinical management of schizophrenia | Speaker : | Prof. Gaohua Wang |
| 09:00 - 09:30 | Community management of schizophrenia | Speaker : | Prof. Fude Yang |
| 09:30 - 10:00 | Clinical management of schizophrenia in children and adolescents | Speaker : | Prof. Huanzhong Liu |
| 10:00 - 11:30 | Sub-Forum 7 - The Current Challenges and Scientific Problems in Psychiatry | Chairs : | Prof. Xiaogang Chen Prof. Jinsong Tang |
| 10:00 - 10:30 | Biological Subtypes of Schizophrenia | Speaker : | Prof. Xijia Xu |
| 10:30 - 11:00 | Brain Network Research on Persistent Auditory Hallucinations in Schizophrenia | Speaker : | Dr. Xu Shao |
| 11:00 - 11:30 | Advancement and Integration of Research on the Classic Hypotheses of Schizophrenia | Speaker : | Dr. Jinguang Li |
| 13:00 - 14:30 | Sub-Forum 14 - Advances in the Application of New Eye-Tracking Technology in Psychotic Disorders | Chairs : | Prof. Jingping Zhao Prof. Jijun Wang |
| 13:00 - 13:20 | Research on Intelligent-Assisted Diagnosis of Schizophrenia Based on Eye-Tracking Technology | Speaker : | Dr. Ruochen Dang |
| 13:20 - 13:40 | The Relationship Between Eye-Movement Characteristics and Cognitive Function in Schizophrenia | Speaker : | Dr. Ying Wang |
| 13:40 - 14:00 | Research on Microsaccades in Schizophrenia | Speaker : | Dr. Xu Liu |
| 14:00 - 14:15 | Eye Movement Characteristics in the Real-World Monitored Tasks of First-Episode Schizophrenia and Clinical High-Risk Patients | Speaker : | Dr. Lihua Xu |
| 14:15 - 14:30 | Schizophrenia Identification Based on Adaptive Stimulus Selection Using a Free Viewing Paradigm | Speaker : | Prof. Zhi Liu |
| 14:30 - 16:00 | Sub-Forum 19 - Mechanism of Cognitive Impairment and Intervention Research in Schizophrenia | Chairs : | Prof. Huiling Wang Prof. Chen Zhang |
| 14:30 - 15:00 | | Speaker : | Prof. Xiaofen Zong |
| 15:00 - 15:30 | Metabolic Syndrome and Cognitive Impairment in Schizophrenia | Speaker : | Prof. Shen Li |
| 15:30 - 16:00 | Establishment of Schizophrenia-Induced Pluripotent Stem Cell Lines and Differentiation into Neural Precursor Cells with Transcriptomic Studies | Speaker : | Xuyuan Yin |

308 room live

08:30 - 10:00 **Lundbeck Sponsored Symposium : Obstacles and interventions for functional recovery in patients with depression - emphasizing the patient's treatment** **Chairman :** **Prof. Tianmei Si**

| | | | |
|----------------------|---|------------------------|--|
| 08:30 - 08:35 | experience President Addressing | Chairman : | Prof. Tianmei Si |
| 08:35 - 08:55 | What are the key challenges in the MDD treatment-from patient perspectives | Speaker : | Prof. Yan Zhang |
| 08:55 - 09:25 | What Factors Affect the Patients Experience with Medications | Speaker : | Prof. Roger McIntyre |
| 09:25 - 09:55 | 1. How can we promote doctors and patients to agree on treatment goals from the same perspective? 2. In order to improve the treatment outcome of patients, why should we pay attention to the recovery of emotional function and help return to normal emotional experience? | Host : Discussant : | Prof. Jun Chen Prof. Xiancang Ma Prof. Yan Zhang Prof. Tianmei Si |
| 09:55 - 10:00 | Closing | Chairman : | Prof. Tianmei Si |
| 10:00 - 11:30 | Symposium 8 - Recent advances in TAAR1 as a new drug target for psychiatry | Chairman : | Prof. Yun-Ai Su Prof. Jun-Xu Li |
| 10:00 - 10:20 | TAAR1 receptor as an intrinsic modulator of the excitability mode of monoamine-secreting neurons: significance for mood disorders | Speaker : | Prof. Elyahu Dremencov |
| 10:20 - 10:40 | The role of TAAR1 in mediating chronic stress-induced cognitive impairments in mice | Speaker : | Prof. Yun-Ai Su |
| 10:40 - 11:00 | TAAR1 regulates drug addiction and stress -related behaviors | Speaker : | Prof. Jianfeng Liu |
| 11:00 - 11:20 | TAAR1 and neuropsychiatric disorders: how far from translation? | Speaker : | Prof. Jun-Xu Li |
| 13:00 - 14:30 | Sub-Forum 6 - Immunological Research in Schizophrenia | Chairs : | Prof. Xueqin Song Prof. Shaohua Hu |
| 13:00 - 13:20 | Exploring the Mechanisms of Cognitive Impairment in Schizophrenia Involving NKCC1/KCC2 Imbalance | Speaker : | Prof. Xi Su |
| 13:20 - 13:40 | Research on the Increased Risk of Schizophrenia Due to the Proinflammatory Bacterium Lachnoclostridium Induced Abnormal Tryptophan Metabolism | Speaker : | Dr. Xiuxia Yuan |
| 13:40 - 14:00 | Research on the Involvement of MDP-NOD2-Mediated Immune Dysregulation in the Pathogenesis of Schizophrenia | Speaker : | Dr. Yuan Gao |
| 14:00 - 14:20 | The Application of Reinforcement Learning in Schizophrenia | Speaker : | Dr. Yifan Shi |
| 14:30 - 16:00 | Sub-Forum 15 - New Advances in the Assessment and Intervention of Negative Symptoms in Schizophrenia | Chairs : | Prof. Zhenghui Yi |
| 14:30 - 14:50 | Advances in the Intervention of Negative Symptoms in Schizophrenia | Speaker : | Prof. Qinyu Lv |
| 14:50 - 15:10 | Potential Psychopathological Mechanisms of Amotivation in Schizophrenia | Speaker : | Prof. Chao Yan |
| 15:10 - 15:30 | Plasma Metabolomic Research on Anhedonia in Patients with Schizophrenia, Bipolar Disorder, and Major Depressive Disorder | Speaker : | Prof. Zhenhua Zhu |
| 15:30 - 15:50 | Research on the Factor Structure of Negative Symptoms in Schizophrenia, Depression, and Bipolar Disorder: Based on the CAINS Clinical Interview Assessment Tool | Speaker : | Shuaibiao Li |
| 311 room | | |  live |
| 08:30 - 10:00 | Sub-Forum 3 - Biomarkers in Schizophrenia | Chairs : | Prof. Chuanyue Wang Prof. Weihua Yue |
| 08:30 - 08:55 | Exploration of biomarkers for the gut-brain axis in schizophrenia. | Speaker : | Prof. Feng Zhu |
| 08:55 - 09:20 | MRI in early psychosis | Speaker : | Prof. Qijing Bo |
| 09:20 - 09:40 | Biomarkers for the Relationship Between Antipsychotic-Induced Weight Gain and Efficacy-Related Subtypes | Speaker : | Dr. Yanan Zhangyu |
| 09:40 - 10:00 | Genetic Research on Brain Imaging Phenotypes in Schizophrenia | Speaker : | Dr. Yulu Wu |

| | | | |
|----------------------|--|-----------------|--|
| 10:00 - 11:30 | Sub-Forum 9 - Subforum on Clinical High Risk Syndromes of Psychiatry | Chairs : | Prof. Jijun Wang Prof. Tianhong Zhang |
| 10:00 - 10:20 | Neurocognitive Features of Clinical High-Risk State for Psychosis | Speaker : | Dr. Huiru Cui |
| 10:20 - 10:40 | Skin Niacin Blunting Response in Clinical High-Risk State for Psychosis | Speaker : | Ms. Ranpiao Gan |
| 10:40 - 11:00 | Neuroelectric Microstate Changes in Clinical High-Risk State for Psychosis | Speaker : | Xiaochen Tang |
| 11:00 - 11:15 | Eye Movement Characteristics in Clinical High-Risk State for Psychosis: Longitudinal Observations and Outcome Prediction Models | Speaker : | Dan Zhang |
| 11:15 - 11:30 | The Neurological Mechanisms of Error Monitoring Deficits in Clinical High-Risk and First-Episode Psychosis Patients: Evidence from Low-Frequency Brain Oscillation Power and Phase Synchronization | Speaker : | Prof. Xiangfei Hong |
| 13:00 - 14:30 | Sub-Forum 16 - Psychopathology | Chairs : | Prof. Chuanyue Wang Prof. Xiaogang Chen |
| 13:00 - 13:30 | The Neurocognitive Mechanisms of Delusional Symptoms in Schizophrenia | Speaker : | Prof. Jinsong Tang |
| 13:30 - 14:00 | Symptom Dimensions and Comorbidity Mechanisms in Early Psychosis | Speaker : | Prof. Fuchun Zhou |
| 14:00 - 14:30 | Reward Motivation and Adaptation in Patients with Schizophrenia | Speaker : | Dr. Jia Huang |
| 313 room | | |  live |
| 08:30 - 10:00 | Sub-Forum 4 - Psychopharmacology II | Chairs : | Prof. Yingjun Zheng Prof. Dengtang Liu |
| 08:30 - 09:00 | New Advances in the Treatment of Treatment-Resistant Schizophrenia | Speaker : | Prof. Maosheng Fang |
| 09:00 - 09:30 | Pharmacological Treatment of Negative Symptoms and Cognitive Symptoms in Schizophrenia | Speaker : | Prof. Chuanyue Wang |
| 09:30 - 10:00 | Individualized Dosing of Antipsychotic Medications in Schizophrenia | Speaker : | Prof. Shenglin She |
| 10:00 - 11:30 | Sub-Forum 10 - Psychopharmacology I | Chairs : | Prof. Tianmei Si Prof. Gang Zhu |
| 10:00 - 10:30 | The Pharmacological Foundation of Schizophrenia Treatment | Speaker : | Prof. Tianmei Si |
| 10:30 - 11:00 | Rational Medication Use in Schizophrenia | Speaker : | Prof. Chuanyue Wang |
| 11:00 - 11:30 | New Drug Targets in the Pharmacotherapy of Schizophrenia | Speaker : | Prof. Gang Zhu |
| 11:30 - 12:30 | Kanghong Sponsored Symposium | | |
| 11:30 - 11:35 | Opening | Chairman : | Prof. Tianmei Si |
| 11:35 - 12:10 | Vortioxetine Hydrobromide Tablets (Boshuxin) Comprehensive control of symptoms and restoration of social functioning in MDD | Speaker : | Prof. Huaning Wang |
| 12:10 - 12:25 | Themed discussion | Discussant : | Prof. Xiancang Ma Prof. Zheng Lu |
| 12:25 - 12:30 | Closing | Chairman : | Prof. Tianmei Si |
| 13:00 - 14:30 | Sub-Forum 13 - Cognition related research in Schizophrenia | Chairs : | Prof. Ludong Bai Prof. Zheng Lu |
| 13:00 - 13:30 | Clinical Research on Cognitive Function (Attention) in Schizophrenia | Speaker : | Prof. Xu Chen |
| 13:30 - 14:00 | Advancements in Neuroimaging Research on Social Cognition in Schizophrenia | Speaker : | Dr. Xinyi Hu |

| | | | |
|-----------------------|---|-----------------|--|
| 14:00 - 14:30 | Cognitive Changes and Neuroimaging Mechanisms in High-Risk University Students for Psychosis | Speaker : | Dr. Jiaxin Wu |
| 14:30 - 16:00 | Sub-Forum 20 - Exploration of New Targets for the Treatment of Mental Disorders | Chairs : | Prof. Yuqi Cheng Prof. Qiang Wang |
| 14:30 - 15:00 | Exploration of Treatment Targets for Schizophrenia Guided by Genetic Research | Speaker : | Prof. Xiongjian Luo |
| 15:00 - 15:30 | Host Genome and Gut Microbiota Interaction Increasing the Risk of Mental Disorders: An Integrated Multi-Omics Analysis | Speaker : | Prof. Qiang Wang |
| 15:30 - 16:00 | Research on the Thalamo-Cortical Circuit in Schizophrenia | Speaker : | Prof. Weidan Pu |
| 405 room | | |  live |
| 08:30 - 10:00 | Sub-Forum 5 - Health Economics of Schizophrenia Treatment | Chairs : | Prof. Ludong Bai Prof. Yi Li |
| 08:30 - 09:00 | Updates on Health Economic Research in Schizophrenia Treatment | Speaker : | Prof. Jie Liu |
| 09:00 - 09:30 | Multiple Benefits of Treating Community-Dwelling Schizophrenia Patients | Speaker : | Prof. Gang Wang |
| 09:30 - 10:00 | Sharing Outcomes from the Implementation Phase of Schizophrenia Management Models in Community | Speaker : | Prof. Xiucheng Yang |
| 10:00 - 11:30 | Sub-Forum 11 - Metabolic Syndrome and Cognitive Function in Schizophrenia | Chairs : | Prof. Jingping Zhao Prof. Renrong Wu |
| 10:00 - 10:20 | Neuroplasticity in chronic pain and comorbid affective disorders | Speaker : | Prof. Ceng Luo |
| 10:20 - 10:40 | The Efficacy and Potential Mechanisms of Metformin in Improving Cognitive Impairment in Schizophrenia | Speaker : | Prof. Jing Huang |
| 10:40 - 11:00 | Cognitive Impairment Characteristics in Different Stages of Schizophrenia | Speaker : | Dr. Yi Liu |
| 11:00 - 11:20 | The Efficacy and Safety of Shaoyao Gancao Decoction (Traditional Chinese Medicine) in Treating Antipsychotic-Induced Hyperprolactinemia | Speaker : | Ranran Li |
| Presidium Room | | |  live |
| 08:30 - 10:00 | Symposium 10 - Awarding speech (Only English) | | |
| 08:30 - 08:55 | Advances in Neuropsychopharmacology for Anxiety and Mood Disorders | Speaker : | Prof. Gavin Stewart Dawe |
| 08:55 - 09:20 | Antidepressant Mechanisms of Prefrontal Theta Burst Stimulation (TBS): Evidence from Human and Animal Studies | Speaker : | Prof. Cheng-Ta Li |
| 09:20 - 09:45 | Importance of early identification of risk factors for prospective mental health risks in young people | Speaker : | Dr. Stephanie Wong |
| 10:00 - 11:30 | Sub-Forum 8 - Standardized Treatment for Schizophrenia | Chairs : | Prof. Dengtang Liu Prof. Kaida Jiang |
| 10:00 - 10:20 | Standardized Assessment of Schizophrenia | Speaker : | Prof. Chuan Shi |
| 10:20 - 10:40 | Standardized Treatment for Schizophrenia in the Acute Phase | Speaker : | Prof. Guanjun Li |
| 10:40 - 11:00 | Standardized Treatment for Schizophrenia in the Maintenance Phase | Speaker : | Prof. Qiong Xiang |
| 11:00 - 11:20 | Medication Use and Clinical Risk Management in Schizophrenia | Speaker : | Prof. Haibing Zhu |
| 13:00 - 14:30 | Sub-Forum 17 - Novel Neuroregulation Technologies in Schizophrenia (Part I) | Chairs : | Prof. Huanzhong Liu Prof. Dengtang Liu |

| | | | |
|----------------------|---|-----------------|---|
| 13:00 - 13:30 | Establishment of Precision Transcranial Magnetic Stimulation Treatment Strategies | Speaker : | Prof. Huaning Wang |
| 13:30 - 14:00 | Timing Windows and Targets for Neuroregulatory Interventions in Schizophrenia | Speaker : | Prof. Jijun Wang |
| 14:00 - 14:30 | Updates in Transcranial Electrical Stimulation for the Treatment of Schizophrenia | Speaker : | Prof. Huanzhong Liu |
| 14:30 - 16:00 | Sub-Forum 22 - Novel Neuroregulation Technologies in Schizophrenia (Part II) | Chairs : | Prof. Jijun Wang Prof. Tiebang Liu |
| 14:30 - 14:50 | Exploring Precision Transcranial Magnetic Stimulation for the Risk Prevention and Management in Schizophrenia | Speaker : | Prof. Yingying Tang |
| 14:50 - 15:05 | Observing the Effects of ECT on the Hippocampus in Schizophrenia using ASL Analysis | Speaker : | Dr. Hao Hu |
| 15:05 - 15:20 | Individualized Intervention with Transcranial Magnetic Stimulation Guided by Magnetoencephalography (MEG) | Speaker : | Dr. YeGang Hu |
| 15:20 - 15:40 | Optimizing Strategies for MECT Treatment in Schizophrenia | Speaker : | Prof. Wei Zheng |
| 15:40 - 16:00 | Advances in Deep Transcranial Magnetic Stimulation for the Treatment of Schizophrenia | Speaker : | Prof. Lingyun Zeng |
| 16:00 - 17:30 | Plenary Speech | | |
| 16:00 - 16:45 | The Gut Microbiota Mechanisms of Immune and Metabolic Dysregulation in Schizophrenia | Chairman : | Prof. Gang Zhu Prof. Huaning Wang |
| | | Speaker : | Prof. Feng Zhu |
| 16:45 - 17:30 | Challenges and Progress of Psychopharmacological treatment for patients with MDD | Chairman : | Prof. Xin Yu Prof. Chengge Gao |
| | | Speaker : | Prof. Roger McIntyre |
| 17:30 - 18:00 | Closing Ceremony | | |
